The first game of base ball in the village this season was played last Tuesday afternoon on the fair grounds between the Democrats and Republicans, the former being victorious by a score 10 to 9. The game was very exciting and the boys showed considerable science in their playing and we see no reason why rattling first and second nines could not be organized here this summer to furnish amusement.

The number of idle men that exist in every community, without the visible means of support, is really surprising. Go where you will they are to be found—in saloons, hotels, groceries, and public resorts of every kind and nature. They talk about hard times and lack of work but they manifest no desire to improve the one or perform the other. Lift to them is made wholesome by loafing and complaining. They are ever the same and their life is not improving.

Glen, oldest son of George Savell, met with a very serious and painful accident Saturday last which will probably disfigure him for life. While leading one of his grandfather's horses out to water the animal kicked him in side of the face knocking out all of the back teeth of his upper jaw, besides breaking the bone and leaving an ugly gash in his cheek. The other corks of the horse's shoe cut the skin over his eye. Dr. Langan attended the young lad and he is doing nicely.

The People vs. Robinson, Robt. Rix complaining witness, terminated on Saturday last through an apparent misunderstanding. It seems that Rix on the day before attempted to adjourn the case for three months, which would operate as a discontinuance. After talking with Justice Cowing, Rix gained the idea that the matter was adjourned and failed to put in an appearance the next morning. After waiting two hours and Rix not appearing, Justice Cowing discharged the defendant. (Additional local on fourth page.)

Every man is awarded according to the efforts he makes, and we are determined to get our share of the public patronage, if liberal inducements will do it. If you have any idea of erecting a new building or fence, or doing a general slicking up, such as is customary at this season of the year, just remember that FERGUSON, of Yale, has one of the most complete stocks of

Sash, Doors, Pumps, Paints, Oils, Abastine, Glass, Stoves and Tinware, to be found in this part of the state.

Our profits are small, consequently we must have the cash. We appreciate the patronage given us and will reciprocate with low prices.
